Alternative Products

Your business is very important to us and we are committed to supporting you through this transition. In mid-2021, Impinj launched [Impinj E Family](#) RAIN RFID reader chips, which provide significant improvements in footprint, power consumption, read sensitivity, and RF modes [compared with the Indy R500 and R2000 reader chips](#). RAIN RFID reader modules built by Impinj partners with the Impinj E310, E510, E710, and E910 can take advantage of those improvements. Your Impinj sales representative can assist in finding an Impinj or a [partner-built product alternative](#) to Indy R500 or R2000.

For additional information or assistance with end-of-life planning, please [contact your Impinj sales representative](#) or the Impinj support team (support@impinj.com).

APPENDIX A

The following terms apply to all last-time-buy orders (orders placed on or after September 30, 2022) notwithstanding anything to the contrary in the applicable purchase and sale documentation:

- All last-time-buy orders for Indy RAIN RFID Reader Chips will be NCNR
- You acknowledge that Impinj will not have an alternative use or market for the NCNR products and therefore you will not be able to reduce your obligation to pay the full purchase price for last-time-buy orders

Impinj will require acknowledgment of these terms prior to processing any last-time-buy orders:

- To acknowledge these terms, please include the code "INDY_EOL" in the notes section of your purchase order
- Except as stated herein, Impinj's standard terms and conditions will apply for all purchase orders
