Product Notice: End-of-Life Notification for Impinj Speedway R120 RAIN RFID reader (IPJ-REV-R120-USA2M1, IPJ-REV-R120-EU12M1, IPJ-REV-R120-GX22M1)

Dear customer,

This is a formal notification that Impinj is initiating the end-of-life process for the Impinj Speedway R120 RAIN RFID reader.

The objective of providing this notice is to allow for appropriate planning and the opportunity for last time purchases. This notice also provides details about an alternative Impinj reader for your consideration.

The minimum order quantity for the Impinj Speedway R120 has been increased to 6 units. All orders must be for greater than or equal to 6 units and ordered as a multiple of 6 units. The standard terms and agreements will be honored with the exception that all orders are non-cancelable and non-refundable once placed.

Alternative Products

As an alternative, Impinj recommends the Impinj Speedway R220 RAIN RFID reader. The Impinj R220 supports a higher maximum transmit power of 32.5 dBm, subject to regional regulations, compared to 30 dBm on

the Impinj R120. The Impinj R220 matches the Impinj R120 on read rate, receive sensitivity, processor speed, and on-reader memory. For a detailed comparison with the Impinj R120 reader, please view the [product brief on the Support Portal](#).
